Murrells Inlet 2020 (MI2020) is a 501c3 non-profit community revitalization founded in 1997. The organization is dedicated to making the Inlet a nice place to live, work and visit. Its accomplishments over the years include the Marshwalk, acquisition of Morse Park Landing by Georgetown County, construction of the Business 17 bike lanes & the Bike Bridge that connects the Inlet with Huntington Beach State Park, landscaping, signage and more. In 2011, MI2020 set a long-term project goal to work with local & state governments to create a master plan that improves safety of the Business 17 bike lanes and connects the Inlet with Garden City and the river. Proceeds from the Ride for the Inlet will enable MI2020 to keep working towards this goal.
